### Livingston Restaurant + Bar

**Contemporary American.** Executive Chef Gary Mennie has been wowing diners since Livingston opened last year in the glamorous Georgian Terrace Hotel. The menu features classic American dishes Mennie prepares using fresh, local produce and seasonal ingredients. The restaurant is modern and elegant, yet still manages to incorporate much of the Georgian Terrace Hotel's historical architecture. **Signature Dishes:** Short rib ravioli with honey, horseradish and crispy onion; and artichoke risotto with tomatoes, pea tendrils and crispy sunchokes. **What We Love:** Millionaire Mondays, which features whole lobster or filet, soup or salad, and one side for \$16.
